Mr. Brucciani

London

Dear Sir

You will remember that you  
made for me (autumn 1886) several  
casts, to the sculpture Museum here.

I beg you to say if you can  
make now

The Venus de Milo (from Louvre)  
Cat. page 90.  
The Head of Jupiter (colossal) from the  
Vatican. engraved pag 20 in your catalogue  
and the colossal head of  
the David of Michel Angelo.

These three sculptures are for  
the royal sculpture Museum in  
Maribo (the capital of Laaland)  
As it is for a state collection

I trust you will give the  
reduced price, which you quote  
for such public galleries.

The museum has a very limited  
budget; they should therefore  
like to know the price very  
exactly including the package  
e.c.t. free on board the ship,  
which shall take the sculpture,  
from London direct to Maribo.  
They also ~~would~~ wish to know  
when they can expect the casts.

Yours very truly  
Carl Jacobsen  
Glyptothekens Myndfuld,  
Copenhagen  
Denmark.
