Friday Afternoon.

From Jacobson.

Bladet "Samfundet" has
announced me, and it says my
writing on the Establishment of
Michel-Angelo's David is an
enquiry. I shall write next
to it at once, but will not follow
them in their view of the
Talelei, but in the. We can say
at once me, how we feel it.
We have seen. We have seen first
that from the Church, men have
known, and the church sees
over the church, it is said.

De wijk ik niet at playes
med at skris, men kan
gadt, om de art, sige dit
til Jonnfruen, som kan
med Brevet; hun 2 baade
brupast og Koik, forstan
in eenen leede paa Kunst
end de fleste Jonnaalister.

Venlig Hilsen.

Deres hengiven
Stephan Nielsen
