Dec. 18th 1903.

Kære Løster Theos.

Jeg søger
Trøst i at skrive
til Dig (jeg har ikke
paa no idag) for en
Remedien for min
tøjeløse hals, jeg
har spist noget rug
vov jeg ikke har
kunnet taste.

On Saturday next -
we are to hear a
chantatrice, Mrs. Lee,
Trick, who is very
celebrated & famous.
It is mainly Satur-
day night - we have
spare time to that
sort of thing. Do
tell me in your letter
for me, all things
of interest. Did you
see Mr. Coquelme

According to Politiken
it was not a success
at all, it may be
a lie. I hope you
are taking care of
my books, you borrowed.
Tell me, how things
are getting on at
Kj. C. + G. C. We
were a good lot
at the Academy
we are awfully
busy. more tomorrow.

I Dag har jeg været
ude at spadserere
i Lincolnpark
og jeg saa Toke fokr
Egeren, yndige smaa
børn. I samme
Park staa en
Statue af F. C. Andersen
er det ikke rørende.
I Dag er det "rather
chilly" we have
just had summer
ly weather, the con-
trast is very great.
